

DESIGNER AWARD FOR BATHROOMS

CONTRACTS AND HOUSE BUILDERS

Judges are looking for how well designers managed to provide the contractor, developer or house builder with a bathroom that would help them sell their project while keeping costs low and 'wow' factor high.

Winner: Helen Fewster and Rebecca Tucker, Suna Interior Design

Project cost: £2,500 ex vat for supply of sanitaryware and brassware only. The supply-only tiling budget was £35-£40 per sqm

Barnsbury Place is a prestigious collection of town houses and apartments set amid the grounds of an Edwardian school in one of the most desirable quarters of London's Islington.

It is made up of 94 refurbished apartments, nine new-build town houses and 15 new-build apartments. Suna was commissioned by Mount Anvil plc to work on the internal specification for all three types of accommodation.

What Helen and Rebecca say:

"We wanted to make a statement with the design so we chose a dark and moody colour palette of deep charcoals and warm greys. We had selected an ebony wood floor throughout the hall and living areas of the apartment which set the tone for the rest of the interior."

Finalists
