63 Beautiful Kitchen Design Ideas For The Heart Of Your Home

When creating a kitchen there are lots of questions to think about. Is there enough **storage**? Where will you put the **appliances**? Have you chosen the right **lighting**? But more importantly, what sort of design suits you and your family? We spend 12% of our lives in the kitchen, beaten only by the **bedroom**, so it's crucial the kitchen works both practically and aesthetically for our lives. To make the task of a kitchen refurbishment a little less daunting, we have asked interior bloggers to share their favourite kitchens with The LuxPad to give you 63 beautiful kitchen design ideas that will help you create the perfect heart to your home.

Suna Interior Design

"This bespoke kitchen, designed by Suna Interior Design has black built-in appliances and features such as the marble effect quartz worktops, a black wood-grain effect open dresser unit and concealed under-cabinet lighting – creating a striking combination. The interior design is quite moody and masculine with rich tones of gloss black kitchen cabinetry, walnut flooring and a marble splash-back in the elegant kitchen."
